### NOTICE

Mrs. R. Alexander will return tonight from Portland where she has been visiting for the past few weeks.

Mrs. A. J. McAllister entertained a few friends informally last evening in compliment to Dr. Clara Waffle of Astoria.

The Current Literature Club met yesterday at the home of Mrs. James Johns for a short business session.

The annual Sunday school picnic of the Church of the Redeemer will be held next Tuesday. A later announcement will specify the place and time of leaving.

The twelfth wedding anniversary of Mr. and Mrs. John Adams was celebrated last evening at the Adams home near Adams by a dinner party at which there was a guest for every year of their married life. After the dinner an informal social evening was spent. The rooms were decorated beautifully in roses and lilies shipped from the Willamette valley.

In Walla Walla last Tuesday Miss Ruth Royer of Pilot Rock became the bride of Wert Hoyt and the young couple will make their home in Pendleton.

Mr. and Mrs. Lowell L. Rogers and daughters, Miss Lola, Gwendoline and Mildred, arrived home this morning from San Francisco where they attended the Panama-Pacific exposition.

The picnic planned by the Sunday school of the Christian church for yesterday was postponed indefinitely on account of the inclement weather.

Mr. and Mrs. Wesley W. Harrah and children arrived back in Pendleton this morning after spending several weeks visiting the fairs in California and other points of interest.

Mr. and Mrs. Neamith Ankeny and son left today by auto for The Dalles and plan to extend their trip down into the Willamette valley.

Mr. and Mrs. Frank Frazier have moved out to their farm on Tutuilla creek for the summer. Their home on Jackson street has been taken by Mr. and Mrs. Roger Averill.

Mr. and Mrs. Henry W. Collins left today for a trip into Canada. They expect to visit at Banff, Calgary, and will probably visit at points on the Canadian lakes.

## "All Cats look grey—at Night!"

"JUST Rubber and Canvas—pumped full of air!"  
So thinks the Tire User who buys Pneumatics "Blind," without comparison after thorough investigation.  
So thinks the Car Owner who buys from the Cut Price Dealer, the "just as good" Tire on which that Dealer quotes

him the biggest discount off a Price List specially printed up for that purpose.  
So thinks the Man whose Tire bill averages nearly half of his entire Season's running Expense, when it need not average one-fourth, if he would only "Work his head" and, once for all, learn the Tire Game.

THERE are Car Owners who regularly get 25% to 50% MORE Mileage per Dollar invested in Cars driven with equal care, under equivalent road conditions.

The latter type of Owner is apt to conclude offhand (from his own experience) that old Tires must be Short-lived and Unsatisfactory.

Now this is to tell him that there is as much difference between the Mileage and Resilience of different brands of Tires, when the facts are investigated, and proven through actual Service, as there is difference between the Color of Cats—when viewed by Daylight.

This is to inform him that three Rubber Factories using precisely the same quantity and quality of Materials might, and sometimes do, produce (through the difference in their Rubber EXPERIENCE and efficiency methods) Tires of such widely different Mileage-Result as to average 3000 Miles, 4000 Miles, and 5000 Miles respectively—under parallel road conditions.

COST of production is therefore no sure guide to the Mileage and Resilience which can be put into such a subtle and "temperamental" product as the Rubber in a Pneumatic Tire.

And, though The B. F. Goodrich Co. can, and does, put the most Mileage per Dollar invested by the User, into Goodrich Safety-Tread Tires, they do not interpret this as a reason why they should charge a higher price, to include an Insurance Premium which would place their "Adjustment Basis" beyond the safe and reasonable minimum that Bad Roads and Careless Driving make necessary.

Because of its Manufacturing Advantages, its Precision Methods, and Waste-reducing Processes (resulting from its 45 years' EXPERIENCE in the working of Rubber), The B. F. Goodrich Co. can afford to and does, offer the greatest Mileage in Tires at the lowest price per Mile.

It sells the standard grade of Goodrich Safety Tires at 10% to 30% lower prices than other non-skid brands which "Guarantee" greater Mileage but cannot prove delivery of greater Mileage in actual use.

Why pay MORE for any Tire? THE B. F. GOODRICH CO. Akron, Ohio

ported for work, but the British subjects demanded that alien miners be excluded from the coal mines.  
The mine superintendent said he had no authority to keep alien miners from entering the workings. The British miners announced that a meeting will be held at which a decision will be reached on future action.

### Hogs Get Jag on Fermented Fruit

MILTON, Ore., June 12.—Reports to the contrary notwithstanding, Milton seems to have been "wet" last Sunday afternoon. But as there was no intention of evading the law, and the intendant in question did not come under the provisions of the revenue laws, no action will be taken.  
A Lewis of North Milton, had a jar of plum butter spoiled, and to make some use of it, he mixed it with the slop for the pigs. The pigs partook, and for five or six hours there were 19 of the most gloriously happy-drunk hogs ever in the city. The curious thing about it was that not one of the 19 showed symptoms of being anything but in the happiest kind of humor during the "spree," nor did they appear to have a "big head" next morning.

Plotter Caught in Italy.  
GENEVA, via Paris, June 10.—A dispatch received here from Brig. Switzerland, declares that a man has been arrested at Domodossola, in Italy, charged with the intention of blowing up the Simplon tunnel.  
The prisoner is presumed to be an Austrian agent. He had a plan of the tunnel, which is 12 1/2 miles long and connects Brig with Domodossola, and the authorities found a powerful bomb in his room.

### GILBERT OF PILOT ROCK IS STAR BASE STEALER OF LEAGUE

Merwyn Gilbert of Pilot Rock is not only the leading hitter of the Blue Mountain league but he is also the leading base-stealer to date, having eleven pilfered sacks to his credit. He is batting an even .600 now with Pickett, his nearest competitor, 115 points behind him. Pickett is also second in the thief column, his pilfered bags numbering nine. Others who are strong in this department and have a chance at the trophy are Clock of Pilot Rock with 8, Lundwall, Stanfield, 3, Emith of P. R., 2, Stranahan and R. Knight of Pendleton, C. Hoskins of Stanfield and Rankin of Pilot Rock with six each.  
Darling has no rival in the pitching department, his nine consecutive victories putting him in a class by himself. The Pendleton team is leading in fielding, having a team average of .922 against Pilot Rock's .906. The Pebbles as a team are batting .326. The following shows how the men of the league stand in the fielding department:
